ownership of the uplands. The Applicant is now applying for a General Lease – Recreational and Protective Structure Use. Staff recommends authorization of these facilities.

3. The bulkhead will mutually benefit both the public and the Applicant. The bank of the Sacramento River will have additional protection for the river channel from wave action provided at no cost to the public.
4. The staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

5. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
